*Soylent Green is a film that was released on April 19, 1973 (or May 9, 1973), set in the year 2022, about an Earth which is totally polluted and severely overpopulated. The natural resources have been depleted and the victual for the people is made by Soylent Industries, a company that purportedly manufactures the food using plankton from the oceans (or is it). It stars Charlton Heston.
